

Claim: We connect the world in creativity.

The Project

fuse.space is a cloud-based workspace for the creator economy. It solves the biggest problem in creative collaboration, the protection of intellectual property, by securing IP directly in the creation/collaboration process.

We have integrated the Fraunhofer SitMarkAudio Watermark, as part of the security protocol.

The Team

Location: We are based in Hamburg and Berlin. Our cooperating Fraunhofer Institute is the SIT.

Members: **Andre Angkasa (fuse.space CEO & Contact Person)**
Alexander Wittkowski (fuse.space CPO)
Waldemar Berchtold (Fraunhofer SIT)

AHEAD Infos Batch: #3 2022

Phase: 2

Track: Spin Off

The Business Model

Unique Selling Proposition: fuse.space is the most secure space to share and collaborate on creative content.

Unfair Advantage: First Mover Advantage, Senior Team, Network

Revenue Model: SaaS: Freemium

Venture Readiness Level

Technology Readiness Level

The Side Facts

Customer Focus: B2B but feels like B2C
